The great variety of students at Armijo whose personalities, tastes, likes and dislikes are as varied as the students themselves makes a unique and special statement. A statement about themselves, their environment and their school. These students are special. What makes them so special is pride. Pride in themselves and their school gives them what they need to ease through the transition period from childhood to young adulthood. Student activities give students a temporary niche until they graduate and make their own way in the world outside of school.

Student activities can be related to occupations in the world outside of school. Armijo has reporters, senators, carpenters, electricians, office workers, and teachers aides, just to name a few. This helps to create an interactive environment which is diverse and challenging. Everyone who attends Armijo can experience and appreciate its rich variety.

Our theme was chosen because the yearbook staff wanted to focus in on every aspect of Armijo life, and truly make the 1984 La Mezcla a part of US, the students, staff and faculty.

Seniors Enjoy Their Final Year

1. Joe Barbour enjoys a sunny afternoon.
2. Dave Cranney and Lori Harrison during lunchtime together.
3. Lance Trisler and friends spend lunch together by the football field.
4. Wesley Gittens in intense thought.
5. Dan Curry studies with Jeff Pauling.
6. Instead of studying from her books, Debbie Chatman sits on them.
7. Shane Clontz acts radical at a football game.

Early in the year, a survey was given out to determine the likes, dislikes, and such of the typical Armijo student. Here are the results!

For the senior class of '84, the most memorable moment for many was being able to see their old friends again, but for Lisa McWhirk it was the fact that she was finally a senior, and for Steve Gallagher it was being appointed the Editor-in-Chief of La Mezcla.

What the seniors enjoyed most at school was to be with friends, but to Don Spering it was enjoying the girls, and for Deanna Day she liked the band trips.

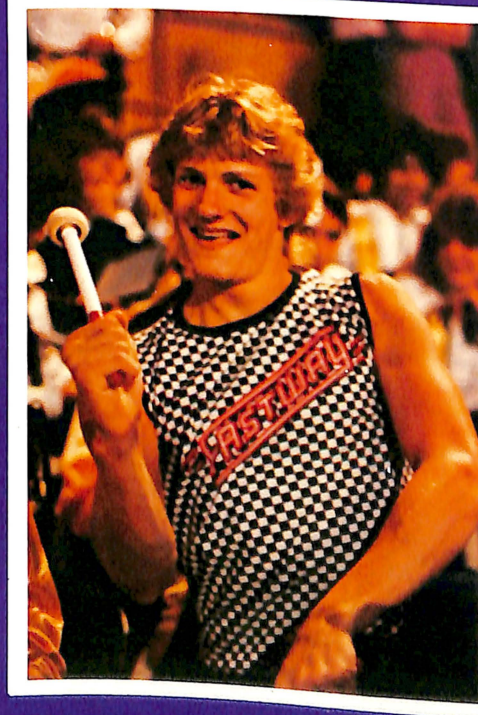

The one thing that the class of '84 would like to change at Armijo, was unanimously the 36 minute lunch hour.

For their 3 wishes, most wished for money, an expensive car of their dreams, and a pleasant future, although Lisa Warner wished to be a gorgeous blond.

For a person whom they admired, answers varied from famous people, to cartoon characters, and friends, but for some reason Layne Scoggins admires Jules Erving.

Many seniors, 10 years from now, would like to be happily married and have a steady job.

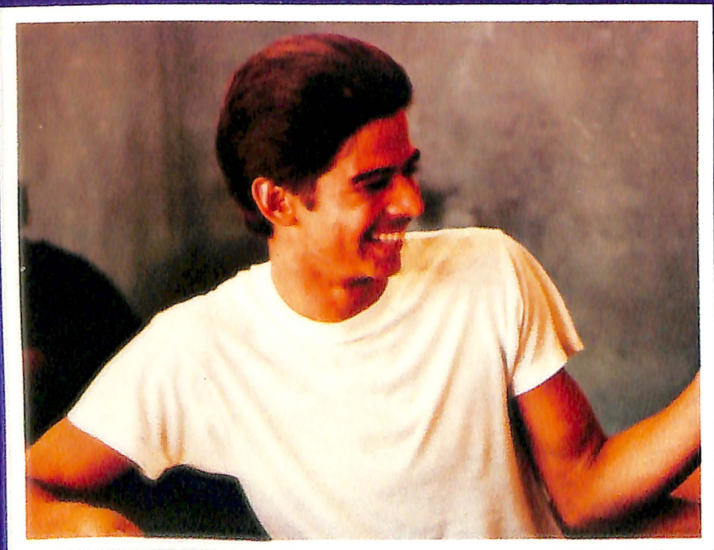

Advice from the class of '84, to incoming freshman was best summed up by Vicky Barrett, "if you want to be popular, be like everyone else. If you want to be happy, be yourself. In other words, use self-expression. Don't be a clone."

3. Three sophomores out for a lunchtime stroll.
4. John McCormick listens intently to a guest speaker.
5. Shawn Cook waits for a friend by the cafeteria.
6. Sophomores make for a major part of the home crowd at football games.
7. Leon Bertrand seems like the Greek sun god Apollo in the bright noon sun.
8. Sherry Hall converses with a fellow student.

# US, the Class of '87

Freshmen Lead The Pack

1. Chris Owens talks with friends while waiting to go home.
2. One freshman eats lunch standing by the snack shack.
3. An inventive Indian shows off his solution to the long walk from the annex to the main building.
4. Karen Harris and Sophia LaMolia walk from B-wing to C-wing.
5. Indians enjoy a nice day talking and having lunch.
6. The area in front of A-wing facing Washington Street is a popular place for students to gather.
7. A couple of Armijo students eat "in" in our cafeteria.
8. Ultra Sophisticated Students show their school spirit.

# Armijo Spirit Alive And Well

School Pride Beams among Armijo Students

Be it a rally, a football game, or just lunchtime activities, this year Indians have been more active and involved in school. At rallies the spirit yells are louder, at football games everyone cheers our team on, and at almost any school sponsored activity you will find a strong sense of unity and spirit in the air, and practically everyone gets into the act. Over the years our student body has grown considerably. This year our freshmen class is bigger than ever. Along with our size has grown our school spirit and pride, and will keep growing on into the future and can never be taken away.

1. Armijo in high spirit at a football game.
2. Stat girls were busy this year recording stats for our sports department.
3. Armijo Superband entertains the crowd between football games.
4. Armijo Superband in a rejoicing mood at a football game.
5. An Armijo football player runs for a touchdown.
6. The burial of Fairfield High.
7. Cheerleaders cheer our team on for a victory.

# DECA

"A Success Story"

The success story began in the classroom for Armijo's D.E.C.A. chapter members. Students enroll in Sales and Retail classes which are offered through the business department. Instruction is offered in marketing, merchandising, and sales. D.E.C.A. members also have a chance to earn while they learn through work experience through the Solano Mall.

1. Officers: Dina Goad (secretary), Henry Fockler (President), Kathy Gaston (treasurer), Leif Smith (Vice-President), Cindy Rios (reporter).
2. Row 1; Mr. Gutowski, Kathy Gaston, Leif Smith, Dina Goad, Henry Fockler, Cindy Rios. Row 2; Sally Tiger, Leesa Wisby, Cheryl Vaughn, Lezlie Cannon, Carlissa Washington, James Avila, Eva Davis. 3. Students from all over California attend the state leadership conference held towards the end of each year. Armijo continues to stand out as leaders throughout California.
4. San Jose Hyatt hotel was the site of last years DECA conference. Students here cool off in between their competitive events.

Members: Front row- Eric Newberger, Shawn Graham, David Torkelson, Dan Harvath, Scott Olson, Jim Wilson, Cliff Thompson. Back row- Jim Hahn (coach) Dave Ritchey, Scott Parker, Don Spering, Eva Davis, Don Black, Layne Scoggins, Sarah Burkhart.

For the first time in several years the Armijo golf team was reintstituted. This year the team has started out quite big in membership. Coach Him Hahn hopes it will grow further in the years to come.

Led by five senior golfers, the golf team has hopes for a good season. Mr. Hahn plans to be the coach again in 84/85 and thinks that we will have an even better team next year.

# MAYO Raises Money For Mural

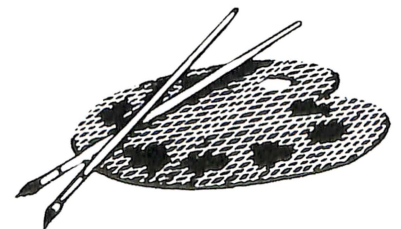

M.A.Y.O. stands for Mexican-American Youth Organization, an organization for all Mexican-Americans, which raises money every year to restore their mural on the wall at the end of A-wing facing Washington St. The job of restoring the mural is \$500 and they have to have year-round fund-raisers to raise the money to have it done. The advisor, Ms. Celia Hernandez-Carter, says they have been very active this year in raising money for the annual project. In November they sold calendars, which turned out to be a really good project and very profitable for the club. Other fund-raisers included selling cookbooks, which they did in December, and pop-corn, which they did in January. Their biggest activity planned was the May carnival, where they planned to sell sand-blasted mirrors and other items. Almost every month of the school year M.A.Y.O. has had some sort of fund-raising activity.

The whole club works very hard every year to raise money for the restoration of the mural, and if they have any money left over

from their fund-raisers Ms. Hernandez would like to use it to take the group to Santa Cruz Beach Boardwalk, an amusement park in Santa Cruz, at the end of the year to reward the students for their hard work.

Members- Elva Castro, Melva Preciado, Graciela Soria, Rafael Valenquela, Nicolas Colin, Jorge Arias, Artura Martin.

1. Electronics Students study their transistors.
2. Members: Back row-Trevor Merritt, Richard Veino, Victor Sutton, Chris Filer, Eric Paul, Mike Martinez, Pat Berry, Front row- Jason Hanson, Shamil Erfrain.

## Electronics Club

The electronics club has been together for 2 years now. Under the supervision of Mr. Berry they've raised money to buy the school electronics equipment. They also saved enough to take trips to some of the many computer fairs. Pizza parties were also high on their list of priorities. Through being in the electronics club students learned how to fix T.V.'s, stereos, and have even learned about and have experimented with robotics. They have also mastered many a video game with their skills.

Officers are: Mike Martinez - President, Dan Hilgemeier - Vice-President, Trevor Merritt - Secretary, Neal Blaney and Robert Ellis - Sgts. at Arms, Shamil Erfrain - Treasurer.

# Pep Squad "Rah's" their way through another Season

The Varsity Rah Rahs did an excellent job. The members include Suzanne Goodwin, captain, Stacey Lee, Suzanne Stack, and Lori Harrison. The Varsity cheerleaders' hobbies were best described as normal for any teenage: eating chocolate, cooking, partying, listening to Van Halen, Def Leppard, Michael Jackson, DeBarge, and Midnight Star.

"We're strange and somewhat unique, kind of a fearless four," was the way one member summed up their personalities.

The Junior Varsity squad is a real team, best friends on and off the field. They were asked what they thought of each other, and words like funny, goofy and absent (not all there) were mentioned. Our JV liked to relax by going out dancing, and "Rocking Out." They were most famous for their original routines, gymnastics, and pyramid endings. Squad members are: Michelle Thomas, captain, Shirley Chu, Lynn Carpenter, Julie Griffith, mascot, Carrie Stallcup, Stephanie Ross, and Rhonda Helling.

# Pom pons make it big in 84

The pom poms were a definite factor in our games this season. What level headed American boy can play a sport like that without being distracted. The members include Pam Anderson (captain), Theresa McKinney, Kim Taylor, and Lisa Warner. They have hobbies such as listening to music, partying and just going out. Their musical talent is apparent in their routines. Their most famous routine was a performance of Michael Jackson's "Beat It."

## Fil-Am studies Philipino Culture

One of the most active clubs at Armijo, the Fil-Am teen club contributed much to Armijo's social life.

They raised money for their scholarship fund by sponsoring dances, selling candy, and holding bake sales.

The Fil-Am Teen Club was the only student organization at Armijo that awarded a scholarship to a graduating senior of Far East Ancestry that has the highest academic achievement.

Club Officers are Jackie Ramirez-President, Lisa Asercion, Vice-president, Maria Dominguez-secretary, Elizabeth Arcala-Treasurer.

Members: Bryan Langland, Richard Veino- President, Dan Chapman- Vice-President, Brett Gilstrap, Patrick Stack, Bryan Houston- Treasurer and Matt Choy.

The second incarnation of the Wargamers was created at the end of the 82-83 school year. In the club, the members play r.p.g.'s or roll playing games such as Dungeons and Dragons, Traveller, Top Secret and many others.

Top Secret is the game the club has played most this past year. Top Secret is an espionage r.p.g., much like James Bond films in set-up. One person, acting as the administrator, guides the players through an adventure, giving them hints on how to complete their mission and mediating any action sequence.

## Wargamers are "Top Secret"

The Wargamers would like to thank their advisors: Mr. Batson- last year and Ms. Ash this year for creating an atmosphere at school in which they could further their knowledge of roll playing games.

Members Patrick Stack, Dan Chapman and Brett Gilstrap practice their r.p.g.'s during lunch.

The Black Students Union is a club which is dedicated to serving the school. They put on dances, they do work projects and run concessions at the games. The club has grown since last year and Mr. Collier says it is one of their hardest working clubs at school.

BSU raises between \$500 to \$1500 every year to buy something permanent for the school. In years past they have donated a trophy case and collapsable basketball hoops for the gym to name a few. They sold stuffed animals, turkey-grams, and held a dance this year, and they hope to raise at least \$1000 this year.

## CSF encourages students to Learn

This is Mr. Brown's first year running the California Scholarship Federation (CSF). The CSF's goal is to encourage students to go on to Universities after graduation from high school.

CSF has stiff requirements to join. Only CP students are allowed in. They earn points for their grades; an A equals 3 pts. and a B equals 1. A CSF member must have 11 points to join or stay in per semester. P.E. doesn't count as a class.

CSF in California started in 1920, and 15 high schools were chapter members. Armijo High School is Chapter No. 67.

Freshmen aren't eligible for membership, but they can, however, be honorary members. To receive recognition on their diploma for being in CSF, students must be in at least four semesters of CSF, one in their senior year.

CSF has a constitution in which all California CSF chapters must abide. The constitution states all of the rules and regulations that high school chapters must follow. One of which is a \$1 membership fee every semester.

Mr. Brown plans to continue CSF next year and for years to come. He enjoys thoroughly the competition of the students entering CSF.

# Drama Club doubles in Size

The Drama Club has been in effect now for two years. They are trying to build a good reputation within the school and surrounding area by putting on plays for Armijo students and volunteering to do charity work for the outside community. Although small in size, the drama club has doubled it's membership since last year and someday hopes to be a major club on campus. The president this year and last year is Vicky Barrett. "One day I hope this club will not be considered a club containing goobers but a club containing actors and actresses," says Vicki.

Some of the plays they performed this year are 12 Angry Jurors, Only An Orphan Girl, and Bell, Book and Candle.

Shirley Chu is one of our JV cheerleaders. She enjoys going out with her friends and going to the movies or just going out and about.

She likes new wave music and some rock. She currently has a 3.2 gpa and really enjoys school, especially english. She plans to go to college after she finishes high school. After that? Well, she has no really definite plans.

Andrew Arias is one of our more interesting students. Andrew likes listening to modern music and going out to shows with his friends in the city. Andrew has a 3.0 GPA and plans to go on to UC Berkeley and study political science. When asked what he planned to be in life, he seriously replied that he'd like to go into politics. Maybe even be a senator.

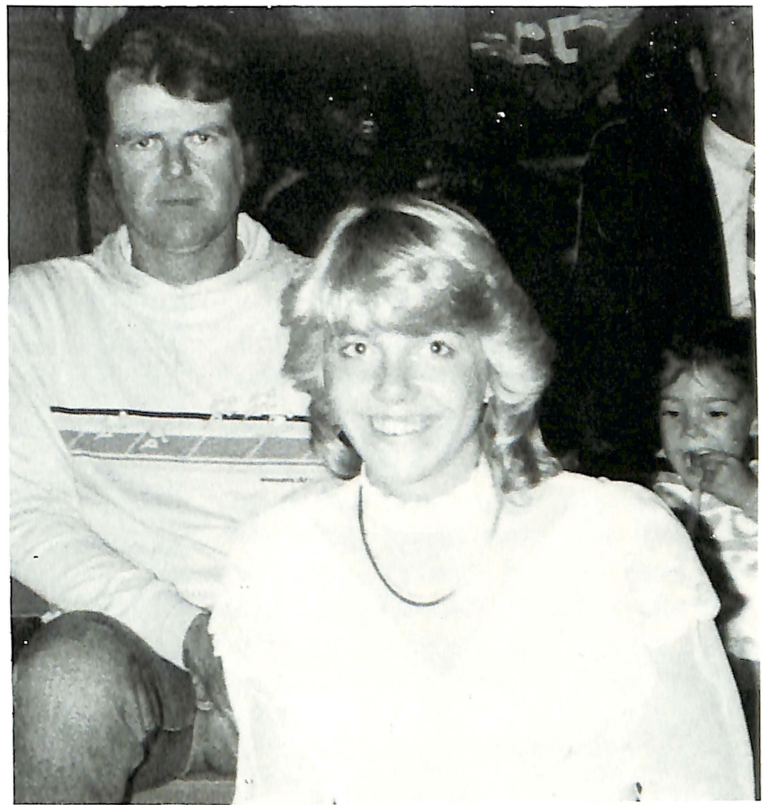

If you have seen a 5'6" blonde usually laughing, sophomore then you've probably seen Stephanie Ross.

"I love Taco Bell, I'd like a tostada, nacho's with extra cheese and a medium Pepsi to go." Among other things Stephanie likes Def Leopard, the soap "Days of Our Lives" and Shane Clontz's body.

Stephanie has no definite future plans but would like to be on the gymnastic team at UC Davis. She would like the drinking age and the driving age changed, "I think anyone should be able to drink and drive."

Having talked to her friends they commented, "We love the hell out of her", "she likes to sleep in my bathtub and she's fun to be around especially at games and 'social gatherings'".

Stephanie feels that friends is important and likes spending alot of time with them.

JB Ramirez, and yea that's his real name, is one of our more modern individuals. JB is on the central committee and enjoys student government. JB likes skate boarding and would like to be a pro skater. He plans to attend UC Davis and study engineering. He likes to go out to the city and "look at all the weird people." JB has a good sense of humor, yes?

## THE AFS CLUB OF 1983-84

AFS makes the world go round

AFS is a program to promote international understanding through intercultural learning.

AFS sends students overseas and brings students to the USA to learn about our culture. THROUGH AFS, students gain an experience that they will never forget.

They learn about the people,  
the culture,  
and about themselves  
...

-Martin Sharp

# Talking

Walk Together,  
Talk Together,  
All ye peoples of the earth  
Then and only then  
Shall ye have peace

The above is the motto of the AFS. We are a group established to promote understanding between the cultures of the earth.

The pictures you see here on this page are an example of AFS. Many people from many lands, talking.

## AFS supports Student Exchange

The American Field Service is one of the largest clubs at Armijo. The AFS is the student support group for the foreign exchange program. They help the exchange students adjust to American high school life. The AFS members celebrate American holidays for the exchange students by organizing dances, parties, etc., such as the Halloween party, AFS Olympics, and ski trips. The AFS is an international organization and due to the successful exchanges, the American students now know students from South Africa, Italy, France, Spain, Finland, New Zealand, Peru, Chile, and Australia.

The American Field Service officers are: President; Kristina Crummey, Vice-President; Kris Petersen, Secretary; Kim Engle, and Treasurer; Dave Takeuchi.

The officers-at-large are: President; Larry Cole, Vice-President; Donald Inn, Secretary; Affonso Lopez, and Treasurer; Colette Raymond.

The Chamorro Club is the organization of Guamanian students. They do services for the community and support the Guamanian culture. Their biggest fundraiser of the year was for going to Mariots.

Block "A" raises money for sports and other school functions at Armijo. They raise all their money from the Coke machines they rent that are located outside the cafeteria. About \$120 a month is collected from the vending machines, and they plan on using the money to buy a trophy case for the school at the end of the year or another suitable contribution. If they save enough money they also would like to have a scholarship for the members.

La Mezcla:

How do the students get from a lower rank to a higher rank?

Major Kardach:

Cadets must perform tasks. For each hours of performance, they get 1 promotion point. Each rank given requires a set number of points for promotion. In addition, cadets must also have a certain GPA.

La Mezcla:

How do the students get graded in Aerospace Science?

Major Kardach:

They are not graded for ROTC activities. They are graded on their scholastic performance in their Aerospace Science class.

La Mezcla:

How many students who graduate from Armijo actually go into the armed forces?

Major Kardach:

Approximately 70% of the students enrolled in Aerospace Science enter the armed Forces.

La Mezcla:

How long have you been teaching Aerospace Science?

Major Kardach:

I have been teaching Aerospace Science at Armijo for 8 years.

La Mezcla:

How would students go about getting into Aerospace Science?

Major Kardach:

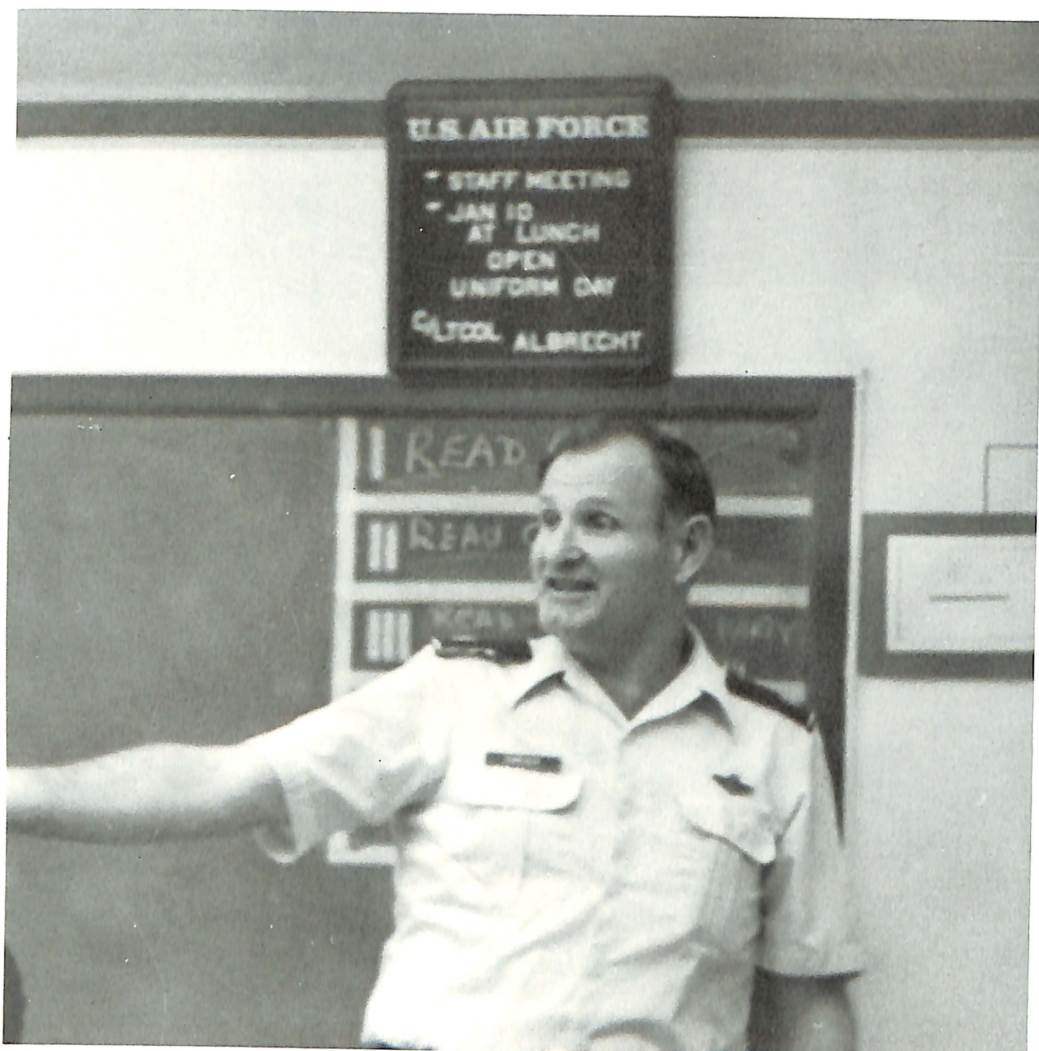

All students can enroll in Aerospace Science. It is a regular course offered to Armijo students. When registering for classes, ask to be enrolled in Aerospace Science.

La Mezcla:

Who has the highest rank at this point out of all the students?

Major Kardach:

Cadet Lt. Colonel David Albrecht.

1. Major Kardach elaborates on a students probing question.
2. R.O.T.C. present the colors in a local parade.

## Deadline Dilemma dupes Staff

Yearbook, in its most basic form, simply consists of four 64-page deadlines spread over a period of five months from September to March each school year. What else is it? Well, it's a yearbook room that NEVER gets cleaned, weekly meetings with half the staff showing up, new staff members who don't know a layout from a typesheet, broken typewriters, Christmas deadline, cold pizza, warm root beer, lost rulers, pens, pencils, copy, pictures and patience, group shots that need to be retaken, group shots that NEVER get taken, temperamental editors, Jim Gillespie, unidentified candid, underclassmen deadlines, keys getting locked in the faculty lounge by anonymous staff members, frustrated faculty, Pizza Night Takeovers, end-of-the-year yearbook-finally-arrives parties, and a lot of self-satisfaction among the staff when it's all finished.

For lack of a home room for the first semester of this year, it wasn't always easy to organize the staff, but we tried to make this book all we could so it would be enjoyed by all. So, here it is, the La-Mezcla staff proudly presents La Mezcla Volume 86 for 1984!

In the fall of 1983 the Armijo Football Department got a face-lift, so to speak, thanks to Troy Edwardes.

Mr. Edwardes, who is also La Mezcla's artist, found himself drawing football helmets in his art class one day. "I was just doodling, trying to figure out how I could leave my mark at Armijo," he explains. The basic idea behind the logo was to bring back some character and still reflect on the pride of the Indians. "I always wondered why they never had a savage or other fierce design on the helmets. The answer is simple," he says, "they've got to look like Indians on the field." He made several designs trying to arrange abstract and real looking feathers in a uniform way that would make the players look like Indians on the field. Coach Bill Nunez of the football department chose one of Troy's designs to be on the helmets this year, and Troy (Shown below with new helmet design) has left his mark at Armijo.

Where is THE place to go on Week-ends? Well, for many Armijo students it is the Scandia Fun Center located off I-80 at the end of Central Place in Cordelia. Here can be found a variety of activities that can be indulged in both day and night by young and old alike.

The main entrance to the building (shown in picture above), hiding behind it's Swiss architecture, seems an unlikely haven for teenagers on Friday and Saturday nights. On the contrary, these doors lead into an arcade room that can be found filled with young people playing every video and pinball game imaginable. Adjacent to the arcade room is a pizza parlour with a mechanical stage show in one room and a wide-screen monitor in another room which is permanently tuned to "MTV", a video music television channel. Outside activities include a miniature golf course, bumper boats, batting cages, and a little Indy raceway.

Just down the road from this popular freeway rest stop are Taco Bell, McDonald's, and Burger King, everything to satisfy the typical teenage appetite and that of the weary weekend traveler as well. And all this is just walking distance apart, which has contributed to its popularity.

Many Armijo students willingly confess the reason they cruise is because there is simply nothing else to do. Cruising in Fairfield has been a point of controversy for a long time between the city's government and the cruisers themselves. The cruisers say they are just there to have fun, and most of them are, and they feel they shouldn't be punished for the few radicals who give cruisers and cruising a bad name in Fairfield. With the cost of movies at \$4.50 a head, and a local bowling alley having league seven days a week, there is no place else to go to seek recourse except outside the city limits, and sometimes it's just too inconvenient to do that. So what do the oppressed masses of teenagers do? That's right, they cruise. Heralded by some and scorned by others, cruising will nevertheless always be a tradition and popular pastime among the youth of this community so long as an attractive alternative is not provided for by the community itself.

"The Strip" is only 6-blocks long. At peak periods the traffic is so heavy that it gets backed up through intersections. If you are caught in your car downtown at a time like this it is not unusual for it to take several minutes to get to the other side. It can be a harrowing experience for one who is new to the area. Sometimes the situation gets so bad that the police dept. is forced to close the strip down, which makes many cruisers angry.

The brightly lit Texas St., shown in photo and the spectacular display of cars running together to form an endless stream of light and metal add to the attractiveness of downtown Fairfield as a refuge for restless youth. The neon sign which proclaims Fairfield as the County Seat of Solano County is the definitive landmark of the downtown area and has been arched over Texas St. between Webster and Jackson for many a generation of cruisers.

Spiced with a variety of ingredients. Armijo students were a bubbly bunch. All had their own aspects to life, but stood together for their favorites.

Music was a major favorite among Armijo students, although the competition between Rock and Soul has yet to be won. New Wave made its exciting debut, and ran a close tie with Rock and Soul for #1. Favorite Rock groups were Night Ranger, Def Leppard, Quiet Riot, and the Motley Crue. For Soul, De Barge, Michael Jackson, Prince, and the Soul Sonic Force were the choice groups. New Wave favorites were the Culture Club, B 52's, Uptones, and Duran Duran. Other group favorites ranged from Petra, a Christian Rock group, to "Break-Dance" groups, such as the Universal Breaking Crew, the Dynamic Breakers, and Rock City Crew. The three most listened to radio stations were KRQR, "The Quake", and KSOL. (continued on page 230)

# Working For The Weekend

Ms. Bernard's Work Experience Education program places students in jobs in the local community. A chance to work gives the student a chance to learn practical skills and to develop a sense of responsibility and independence while on the job. Their jobs and the skills they learn with them prepare them for what awaits most students after high school which is, usually, the beginning of a life long career in the job field of their choice.

Dawn Delponte has been working in the jewelry department of Emporium Capwell since January, 1983. Her duties include setting up displays, signing void slips and putting all the diamonds in the safe at night. She also closes the cash register at the end of her shift.

Ms. Bernard helped Dawn get the job through Armijo's school placement office. Dawn has been in Ms. Bernard's work experience program since September, 1982. From June to November, 1982, Dawn worked at Straw Hat Pizza, and Track & Trail, a shoe store in the mall.

Dawn's future occupational plans are to major in aeronautics in college and become a pilot.

Leila Ramirez works part time at the Fairfield Cinema I and II. She has been working there for about one year. Her duties include selling tickets, selling refreshments, and taking sales totals at the end of each day. She is also responsible for making sales reports and sending them to the home office in San Francisco.

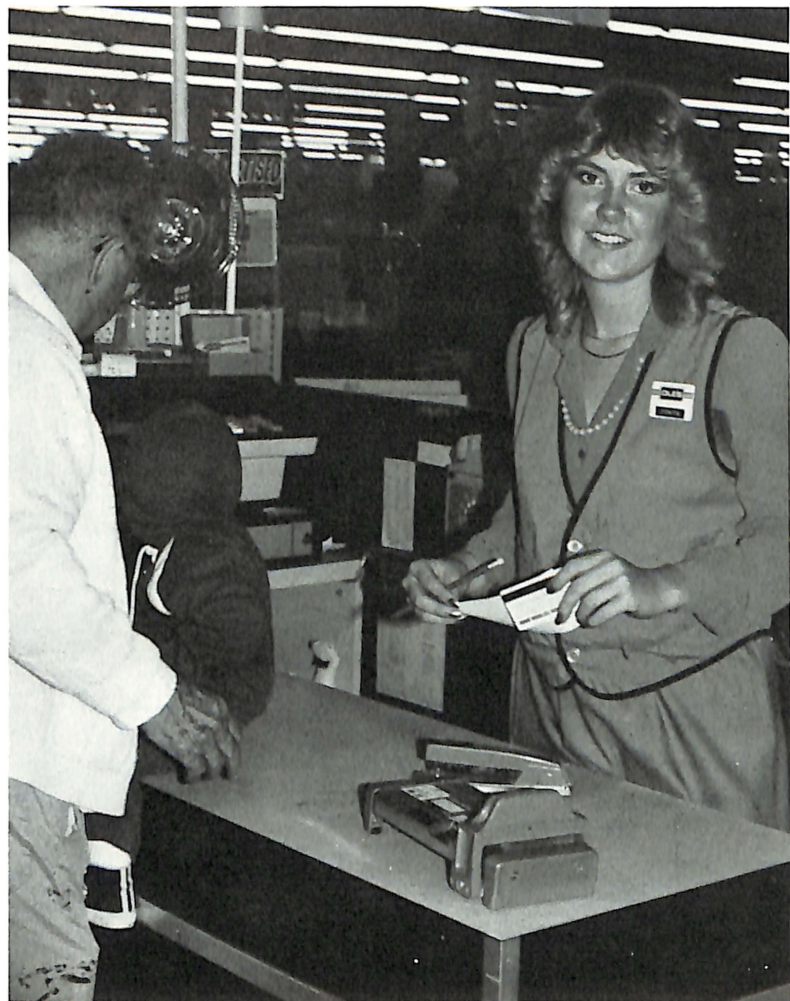

Leila applied for the job at Fairfield Cinema I after a friend told her there was an opening. Leila has been a work experience student since January of 1983. Before her job at Fairfield Cinema she did volunteer work as a candy striper at Intercommunity Hospital in Fairfield.

Leila enjoys the challenge and new experiences which are a part of her present job. She likes meeting new people and finds her job a lot of fun.

Her future career goals are to earn her bachelor's degree in nursing and enter the nursing field.

Theresa Hill has been working for the Solano County Library for the past three and a half months. Her present position is filing clerk in the Children's department. It is her job to return the books to the shelves after they have been brought back to the library.

Theresa had to pass a test before she was hired. She scored a 96% on a library proficiency test.

Theresa has been a work experience student for one year. Aside from her library work, Theresa has been an experienced babysitter. She enjoys working with everyone and thinks her job is good experience for the future.

Theresa plans to become a certified Librarian and a free lance writer.

Tonya Dretzka has been working as a cashier at Ole's for five months. When she is not behind the cash register she is stocking shelves and marking prices on the merchandise.

Tonya has been a work experience student for two years. In the past she has worked for the Solano Bakery, but she had to resign because she was working too many hours.

Tonya says the people she works with are just like "one big family" and has a very positive attitude about her employment.

Her future occupational plans include majoring in interior decorating and fashion design. She hopes to become an interior decorator.

The Solano County Regional Occupational Program has a new look. In keeping with its goal of preparing a student to enter the fast world of business, ROP has added word processing to its varied class list. Students are taught the necessary skills needed to operate computers in a business environment.

Even the secretarial classes had a new look. The classes used a multimedia training program to prepare the advanced secretarial student to compete for jobs in a competitive market. This program offered specialization in legal secretarial, medical secretarial, or advanced secretarial.

1. Deanna Day learns practical secretarial skills in ROP's secretarial skills classes.
2. Mike Keisling instructs students in the use of the Eagle computer in the word processing class.
3. Krissy Paine helps Jennifer Gargano on her resume.
4. Steve Gallagher works on the WordStar word processing system in B-12.

The band did very well during the first season. According to the some of the band members the most exciting trip was the long beach trip.

The band is directed by Jim Bunselmeier. The bands drum major is James Tobitt and the asst. Drum Major is Brent Finger. The band has an organization called winter guards to keep them in practice, which will also compete during the winter seasons. This organization keeps the band in practice and makes them stronger for the next marching season.

That big bunch of words published every month in the school newspaper makes up The Armijo Arrow. The hard working staff is advised by Greg Sullivan. He generally edits the articles that the staff writes and advises the production of the paper.

Since the newspaper is not funded by the school in any way, the Arrow staff raises money from candy sales and selling ad space in the paper to offset the cost of producing the monthly newspaper. Because of budget cuts and lack of funding, printing delays are common. These problems are rapidly overcome through the quick thinking and great work of the newspaper staff.

There are 28 members on The Armijo Arrow staff. The five editors work the hardest of the staff to get the paper out. These hard working people are: Sassy Alegre; Editorials Editor, Rose Cutshall; Features Editor, Shannon Flammer; Sports Editor, Steve Gallagher; Photography Editor, and David Takeuchi; News Editor.

# FACULTY

# Armijo's Leaders

2▼

1▼

Gwendolyn Lawton, Armijo's new vice-principal, has immensely enjoyed her first year at Armijo, which is also her first year in administration.

She has previously taught in elementary, high and adult schools. Some of the subjects she taught at these schools included geometry, trigonometry and chemistry.

She has taught in many different schools around the area some of which include Holy Spirit, Vallejo High, and David Weir. When asked if she enjoyed teaching, she replied "Teaching is my life, I see my job as administrator as just an extension of it".

Mrs. Lawton's duties as vice-principle include supervising business, Home Economics, math, agricultural progress, student attendance, and always being available for students, teachers and parents to answer questions. Mrs. Lawton loves her

job because she finds it a challenge with something different everyday.

Mrs. Lawton doesn't really have any ideas or criticisms about Armijo yet because she feels she is learning all the different aspects that make Armijo unique. She has been in the classes and feels the lessons being given by teachers are excellent and most students seem eager to learn.

Many students go to Mrs. Lawton seeking advice and help more and more each day. Mrs. Lawton also helps refer families for counseling.

Mrs. Lawton's job at Armijo is only part of her busy daily schedule. She is also a wife and mother of two daughters, aged 13 and 17.

Armijo need not worry about how our vice-principal will achieve because Mrs. Lawton is definitely well qualified for the job.

3▲

Vice principal Mr. Petty, an Armijo administrator for 3 years feels that his job is a real challenge. Throughout a normal school day his duties include maintenance, scheduling, athletics, counseling, registration and taking care of 11th grade discipline. Away from school he has hobbies such as boating, fishing, hunting and golfing.

Mr. Petty believes Armijo serves our students with very good teachers and says "If a student really wants to learn there's no reason they can't." His future career goal is to be a principal at either high school or junior high school level.

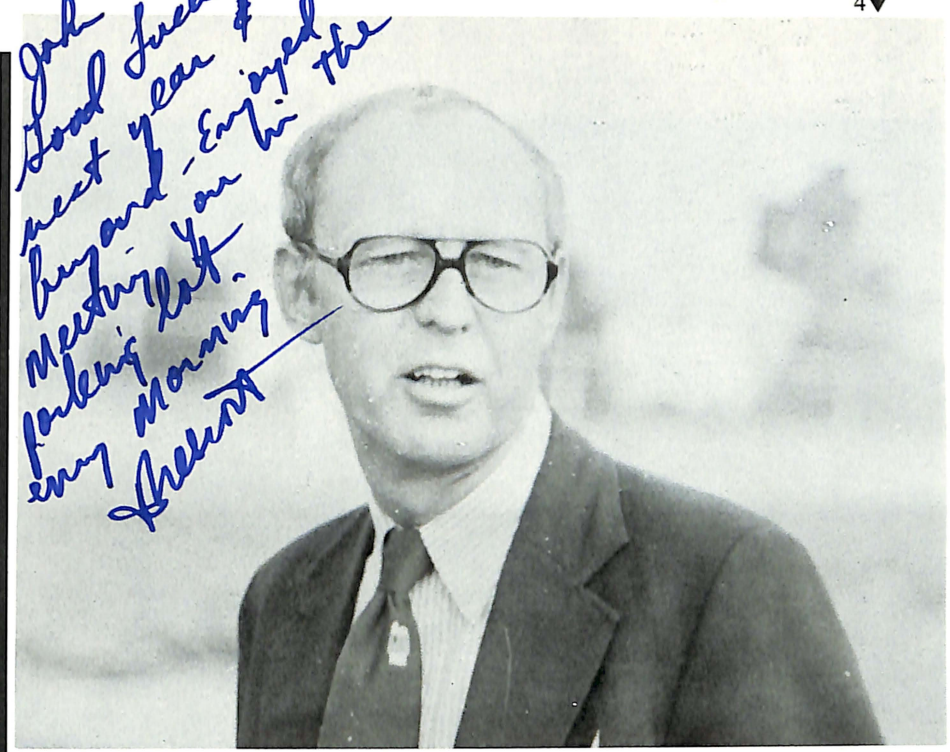

Tom Prescott has been an educator for a total of 16 years; nine years in teaching, four in counseling and three in administration. One of the things he likes best about his job as vice principal is working with the curriculum. "I like to help students overcome their problems." Mr. Prescott would also someday like to be a principal. Mr. Prescott's responsibilities as vice principal include monitoring student activities, instruction and the curriculum.

Prescott says that getting an education was the farthest thing from his mind when he was in high school. The turning point in his life which led him to a career in the field of education was when he had an offer to enter the U.C. Davis intern program. After U.C. Davis he went on to his first teaching job at Silverado High School in Vallejo, where he taught for three years. In 1968 he stopped teaching to go back to college. He attended the University of Arizona for two years and received a masters degree in education. He returned to teaching in 1969 at Sullivan Jr. High in Fairfield for two years. For the next eleven years he taught at Fairfield High School and has been in administration here at Armijo since 1982.

Prescott really enjoys the variety of students at Armijo. "The kids at Armijo are fantastic," he says. In his opinion, for all the racial and ethnic differences among them, all the students seem to get along very well together.

Mr. Prescott says he is really happy to be in education, and in closing he adds, "If I had it to do all over again, I wouldn't change a thing."

Mr. Maniscalco feels Armijo is a great school. The students are excellent, as is the teaching staff. He has been involved with the school for 3 years now and feel we measure up, academically with any school, which shows our staff's capabilities.

Mr. Maniscalco is also an appreciator of music. He plays two musical instruments, the piano and the trumpet. Among his many hobbies are sports such as golf and softball.

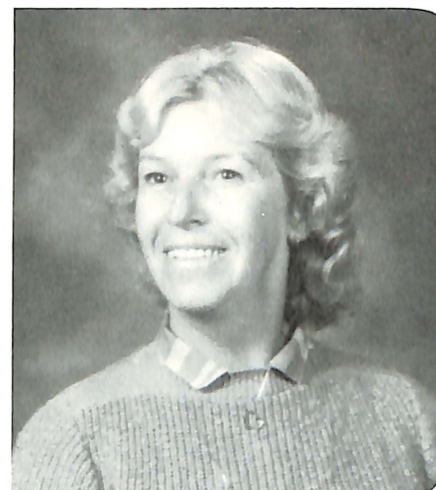

"I feel I have been fortunate in having a wonderful family and job" says Mr. Maniscalco. "Ever though my job gets hectic from time to time like when there are several problems in different places." One example of his many different problem situations is how many times the appointment to interview him was cancelled.

1. Ms. Lawton, assistant principal, looks over some vital paper work.
2. Mr. Maniscalco and Mr. Petty converse with a walker by during the after school patrol.
3. Mr. Petty, assistant principal, talks about his job.
4. Vice-Principal Mr. Prescott patrols the campus during fourth period.

# MEMORIUM

BRUCE FRANCHI

All of us at Amijo High School were saddened this year by the passing of Mr. Franchi.

His death has left a very real void which can never be entirely filled.

We can take comfort in the fact that a part of him will continue to live, reflected in the lives of the students he has instructed and guided.

As a teacher and coach, he gave of himself, and those students who were fortunate enough to fall under his tutelage will carry his ideals, his knowledge, and his moral principles into the world, and the world cannot help but be a better place for it.

## Seniors Get Carried Away in '84

# SENIOR STATEMENT

1981 - As freshmen, a year to dream, set goals and plot our course.

1982 - As sophomores, a year to reflect and correct the course.

1983 - As juniors, a year to visualize our dreams just beyond the horizon.

1984 - As SENIORS, a year to realize our goals, set new goals, and begin the cycle anew.

As in life, each season of the year represents a different stage of growth and development. As we close one chapter in our life, we open a new one.

We, the class of 1984, wish to thank the Armijo high school professional staff for helping each of us emerge as beautiful and unique individuals. A special thanks goes to our central committee members, senators, and the following class officers for their dedication and exceptional leadership abilities.

## Freshmen Class Officers

President ..... Christina Parkinson  
Vice-President..... Janice Weston  
Secretary..... Cindy Larson

## Sophomore Class Officers

1. Cherelyn Ellington, Lee Garrido and Joe Nolan show spirit by dressing up for the game against Fairfield High.
2. Jeanine Grey expresses her amazement at the fact that Cafeteria food is less nutritious than junk food.
3. Steve Gallagher gets his nutrition with a teenburger-in-a-basket.

## Armijo Breeds The Best

Courtney Christian has lived in Fairfield for three years. She has a 3.76 GPA and her favorite class is calculus. She was born in Hawaii and because her father is in the military she and her family have lived in such places as South Carolina, Texas, The Philipines, New York, and Alabama.

She wants to become an accounting or marketing manager. She plans to attend university at either Davis or Chico and is going to major in business. She likes volleyball and swimming and is an active crosscountry and basketball stat. Her favorite music is rock, with her favorite station being KITS.

Courtney spends a lot of her free time at Mr. Budda's house, and her favorite food is pizza. Her favorite actress is Meryl Streep and her favorite actor is Timothy Hutton.

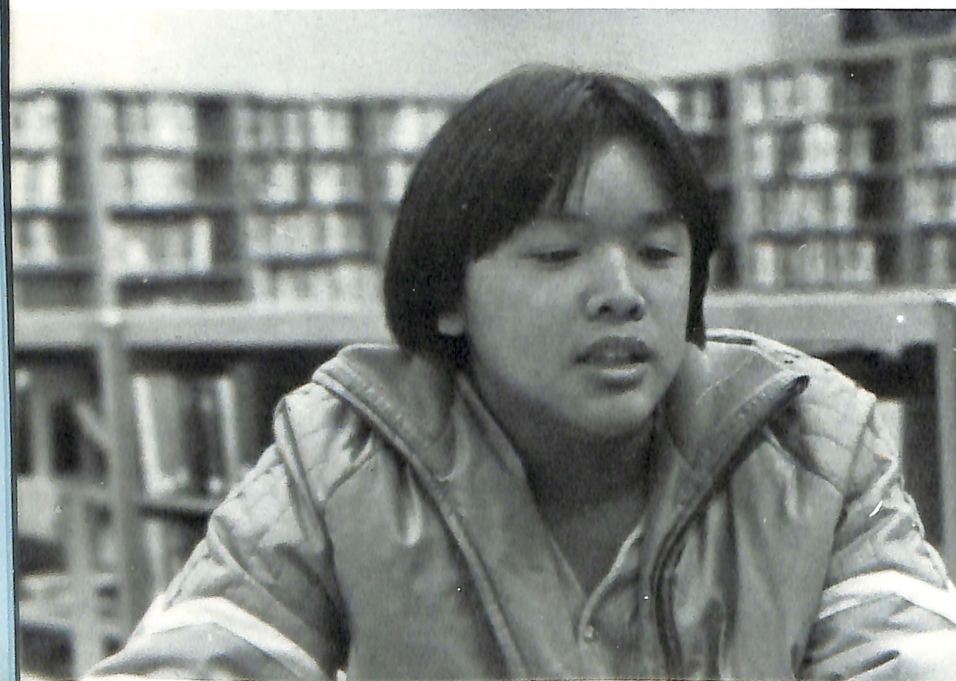

2▲

Donald Inn is a senior with a 3.95 GPA. He He was involved with the Academic Decathlon last year in which Armijo came in 5th. His favorite class is calculus, and he says he will probably go to Berkely or Davis for college and wants to major in engineering. His plans for the future is to become a mechanical engineer like his brother who works for NASA. Around school this year he has been involved in the California Scholarship Federation and the American Field Service.

Donald has lived on a ranch in Suisun all of his life. He loves animals and he has a dog, a cat, two parrots and a cockatoo. Because he lives on a ranch his family is not able to travel very often, but he would like to travel more in the near future.

His favorite music is rock with his favorite station being KRQR. He doesn't watch television very much, but he does like the show "Family Ties" and his favorite actress is Heather Locklear.

1▲

Although she is not exactly sure of what she will be doing in the distant future, her number one ultimate goal is to be on the cover of Vogue magazine. She also loves to travel and wants to go to New York in the near future.

To the sovereign of all, Uncle Bucky, It behooves us to bequeath this monument to you, O honorably superior Mr. Buckingham, sir because we, the graduation class of 1984, bewail with great lamentation over our loss of your blessed enlightenment in the allegory of the cave, and which you so willingly utilized to collimate us "peons" through the inverity of our shadowed world by bestowing these crucial insights upon those of us who are not as fortunate as you and other prestigious personages. I.e. your noble confrere Harry Wong.

3▲

Willie Gonzalez is a senior this year and already has his own business. He owns and operates his own mobile disco, and although he has only been in the business a year he has already made a good name for himself.

This all started around two years ago when he used to hang around a friend of his, Lester Hall, who is the president of the Sacramento DJ Association. He was greatly influenced, and a year later started his own business. He had a partner, Ron Huyck, but bought him out within a few months to go solo. It was pretty easy for him to get started because he had a lot of contacts and was constantly sending his portfolios to schools and companies. He also has booking agents that set up "gigs" for him.

For this he charges a rate of \$50.00 per hr., with a four hour minimum, unless negotiated. He plays an average of two nights per week, which is mostly in nightclubs.

Willie Gonzalez is definately a Senior with a head start.

### Seniors Make Practical Use Of Talents

To the sovereign of all, Uncle Bucky,

It behooves us to bequeath this monument to you, O honorably superior Mr. Buckingham, sir because we, the graduating class of 1984, bewail with great lamentation over our loss of your blessed enlightenment in the allegory of the cave, and which you so willingly utilized to collimate us "peons" through the inverity of our shadowed world by bestowing these crucial insights upon those of us who are not as fortunate as you and other prestigious personages. I.e. your noble confrere Harry Wong.

—Bestow this excreta upon a more ludicrous assemblage of plebes, because we have been bereaved of all faculties of comprehension by your generous endowment—

Sincerely, the class

R.C. Inc.

P.S. Its not that we love you any less,  
Its just that we love us all the more!

P.P.S. This is meant to be an ego-booster!

Thanks Mom and Dad for all the love and support. And thanks Lei, Bern, Virg, Gina, High Energy, and everyone at AHS for all the madness. Jr. and Ami, Hang in there, you'll be Seniors too someday.

Remember: Never give up on God,  
He'll never give up on you. 143G

To the class of "'84",

There just isn't enough room to describe the last four years. But I'm sure everyone of us feel some emotions, some pride, and share a lot of memories. So I just wanted to let everyone know that I'm going to miss everyone.

We now face a harsh world, with a threat of nuclear war, and all the other -bull- that's going on. But just remember, we are the "Class of '84", and we will Rock America.

Mike Martinez

Cathy.

Well, it's been a good year and I hope to see ya every day I can. Remember 8/8/88 is our W Day. I love you.

Love,  
J.P. (Papa Smurf)

Keep it up Armijo,  
You're Lookin' Good!

Patti Nelson  
Tonya Dretzka

To my Bear,

Thank you for all the help, love, and support you've given me through my senior year. If it weren't for you I doubt if I would have made it. Thank you for being there.

Love,  
Your raccoon  
Tamira Jenelle

To my fellow Chabuts:

It's been one heck of a year. I don't think I could've made it without you guys. I hope our friendship stays strong and keeps growing as our relationship with christ. "Those searching to know life's true meaning can find it in only one way by serving the lord with commitment and living for him day by day."

Always,  
Leila

Billibet, (Mrs. T.A.) hee hee

"Essence!" It was a great year, we had a lot of laughs. I'm gonna miss you! Thanks for being a great friend.

Love ya,  
Mrs. J.W. (Whaaat?!)

Lori Pereida/My little Buddy

Four years to remember! Those times we had so much fun, those are the times I will never forget! Even though I know that we will be buddies' forever, and enjoy much more days to come!

Your Bud,  
Maria Padilla

Debbie, Cheryl, and Pam,

Thanks for the Memories. You'll always be very special, all of you.

Lots of love

### THE YEAR AFTER

Dedicated to:  
The Class of 1985

Fuzzy Wuzzy's a dead Russian Bear,  
The neutron bomb singed all his hair.  
Fuzzy Wuzzy glows at night,  
Wow! Nuclear bombs are outa' sight.

So look out for yourself,  
and forget the rest.  
Peace through strength just failed the test.

3 bedroom split level home in a nice  
low level radioactive zone.  
And I'll be darned, the price is right,  
A Sherman tank and a brief fire fight.

So look out for yourself,  
and forget the rest.  
Supply side economics just failed the test.

A mutant dance at the Kingdom Hall,  
machine gun nests guard the shopping mall.  
O be thankful, praise God you're alive,  
welcome Seniors to 1985.

So look out for yourself,  
and forget the rest.  
Mankind just flunked a very important test.

1. Jean Jackets are totally cool!
2. Jerry Robinson, Steve May and Glenn Stubbs show off.

Another recent fad is the wearing of Jean Jackets. This fad has been around for quite some time but it is just catching on with Armijo students. This is making denim jackets much more popular. With Collar up or down the faded look is in.

Buttons have seemed to be increasingly popular. This fad originally started among Armijo's more progressive individuals. Lately everyone has started adorning their clothing with buttons. Although they are often used to express opinions, they are mostly just pictures of a persons favorite groups.

501's have been the big thing the last couple of years. The average person owns at least 4 pairs. If you didn't read the student-survey on page 61, Armijo High School is estimated to own 4000 pairs. contributing to its popularity is a number of factors which can be related to the shapely look it gives to the one wearing them. or maybe just because they are extremely comfortable and made in America.

Topsiders are "The Preppy Shoes", and if you are a prep or want to be a prep there is no way you can live without this special brand of shoe.

The most popular kind of topsiders is the basic brown leathers, but nowadays the topsiders can be found in suede and numerous colors such as blue, black, white, and, of course, pink.

Soul music became a prominent statement this year when Michael Jackson came out with the record-breaking album and video "Thriller".

In addition to Michael Jackson, DeBarge and Lionel Ritchie came out with their new albums, "In a Special Way," and, "Can't Slow Down". Both ended up high on the charts and had #1 songs.

# Freshman take a look at the Future

Chris Wink is 14 years old. He has two older sisters and one older brother. Debbie and Rob are former students of Fairfield High. Sheryl is a student at Armijo.

When we asked him what his goal in life is, he replied "to go to college and excell in a sport". Chris has always had good grades and his last gpa was 3.8, but he usually has a 4.0 average. In the future he plans to go to college and then go into business for himself.

He was born in Fairfield and has lived here since. Besides his brother and sisters he has a cat named Tish. His hobbies are sports and creative writing. His favorite sports are baseball, basketball, soccer and football. He is a member of a church group. His favorite music is Rock with his favorite group being Quiet Riot, and he has no particular radio station.

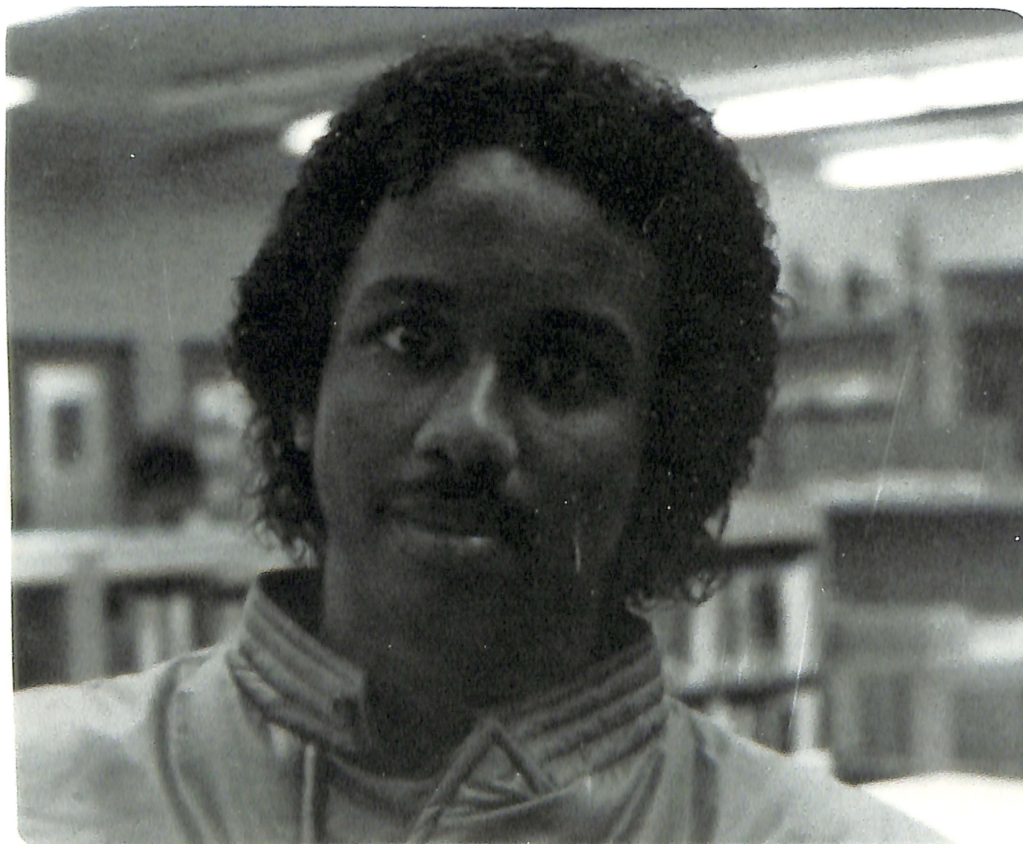

Bill Young is 15 years old. Bill has lived in Fairfield as long as he can remember and he said he can't remember living anywhere else. Bill has one younger brother named Chris.

Bill is active in school activities. He is president of the Freshmen Class. He is also on the Freshman Football and Freshman Basketball teams. He has a 4.0 gpa.

When asked what his goal is in life he said "to do something to change the course of history in a positive direction." We also asked him what his plans for the future were, and he said that he planed to go to college and get his masters degree in Lazer Physics or Astronomical Enginering and try to own his own company. He said he wants to go to either MIT or Harvard College.

Bill said he "enjoys going to Armijo" and "it beats going to Fairfield High". His hobbies are: electronics, music, stereo systems and computers.

Bill said his favorite music is Soul-Jazz and his favorite group is Planet Control. His favorite radio station is KSOL.

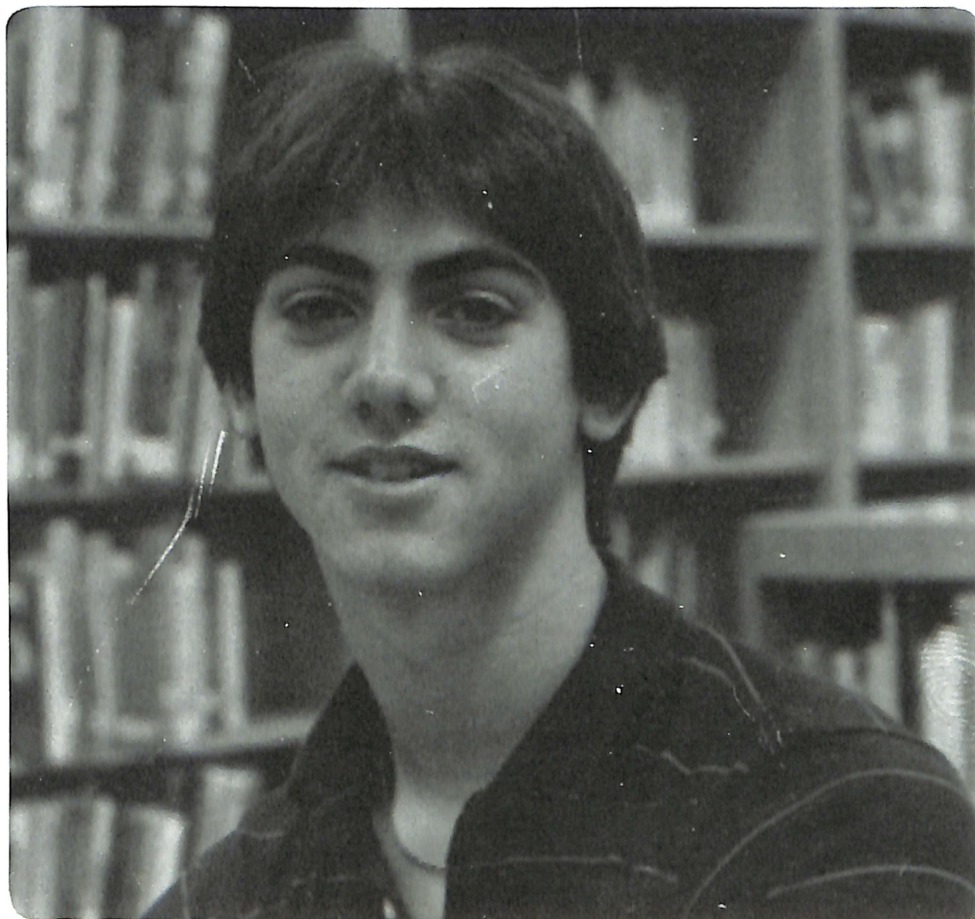

Mark Silvestri is 15 years old. He was born in San Francisco, CA and has lived in Fairfield for 4 years. Before he moved to Fairfield he lived in Redwood City, CA.

In the interview with Mark, we asked him what his goal was and he said he would someday like to be a cartoonist.

Mark has one older brother, Mike, who is 18 years old. Mike also graduated from Armijo. Mark says he enjoys going to Armijo very much, and he plans to go to college at Sac State. He also has two pets, one dog and one cat.

He said his favorite hobby and sport is football. He is on the Freshman Football team.

Mark said his favorite music is Rock, and the group he likes best is Van Halen, and his favorite station is KUHS.

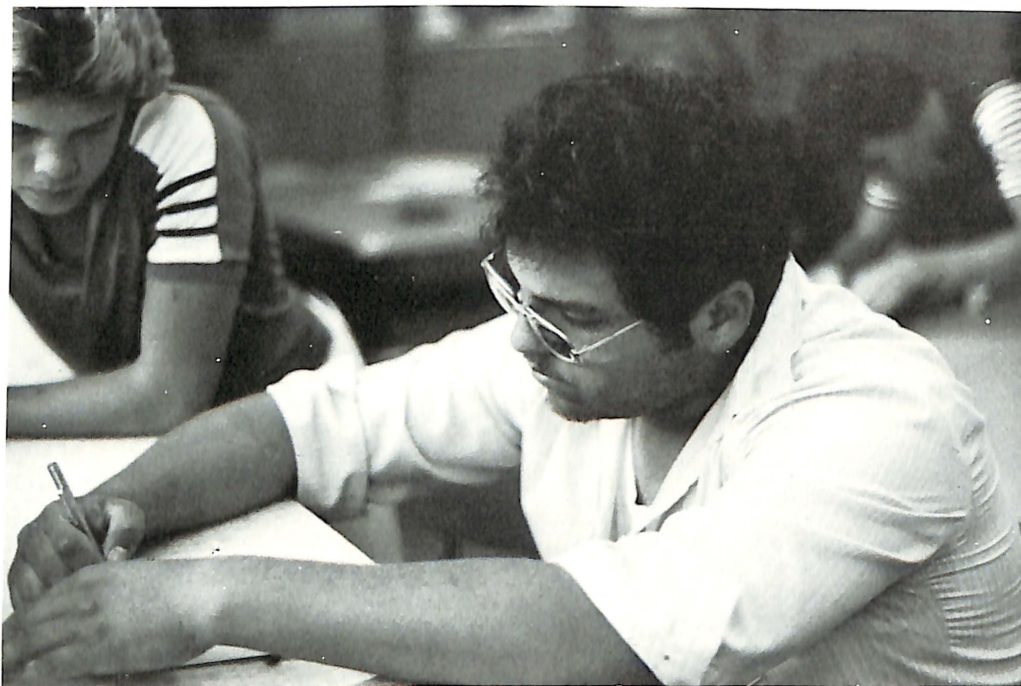

Molly Tobbit is 15 years old. She was born in Red Bluff, CA. She has lived in Fairfield for 6 1/2 years. Before she came to Fairfield, she lived in South Lake Tahoe and Pleasanton. She has one older brother, James, who also attends Armijo. She has an English Bull dog names Humphrey. She is a member of the Freshman Central Committee and Armijo Super Band. She is also a member of the Rainbows. She enjoys doing poetry.

Molly has always had good grades. Her last gpa was 3.7. In the future, she plans to attend college or a University, perferable UCLA or Pacific. She would like to get her masters and bachelor degree in law or medical.

She enjoys listening to all kinds of music. Her favorite groups are Duran-Duran, Journey and Stix. Her favorite radio stations are KYUU and KFRC.

## Armijo Soccer Kicks Into Action

Mike Martinez, first team goalie for four years and Varsity team captain, told us simply, "This year wasn't very good."

In his own words, "We had overall team strength, but there just wasn't a star to put the ball over the net. We had our oppourtunities but we were unable to solidify our talents. There wasn't a scoring player on the team."

"Next years potential looks good though, because there are four returning Varsity players and a lot of powerful sophmores, of which Jose Guzman, in varsity, was given honorable mention."

"We had our misfoutunes, but we still were the only team to beat the leage champions, Napa, by going through thier defensive secondary and by outwitting thier defense with power shots by Tung Chau."

"Our dominance was felt upon the leage."

The returning varsity players will give team leadership and support under the supervision of coach Jim Evans. With his strong following of J.V. players like John Silva, Chris Wink, Matt Hollibush, Jimmy Jones, and others.

The J.V. and Varsity Soccer teams are listed as follows;

Varsity: Jordge Arias, Antonio Barajas, Ben Barcenas, Eladio Castro, Tung Chau, Angel Gonzales, Jose Guzman, Sergio Hernandez, Kevin Kemble, Greg Lopez, Mike Martinez, Leth Ole, Santos Sanchez, Dan Spadorico, Alberto Vasquez.

Junior Varsity: Pedra Barajas, Jamey Belanger, Giulio Benetti, Scott Cote, Greg Flener, Dell Gant, Scott Hansford, Matt Hollibush, Scott James, Jimmy Jones, Jim Rardin, Mike Rolfe, Jack Sharp, John Silva, Cliff Thompson, Eric Treser, Dennis Way, Leo Wheeler, Chris Wink, Choung Wynn, Lee Ferrel.

# Seniors Trample Juniors in Powder Puff Competition

For the second year in a row the senior girls powder puff football team proved their dominance on the field. Armijo's annual powder puff football game was won by the illustrious seniors 26-16. The juniors, however, did put up a good fight with a couple of really great plays.

Since this was a special game, Armijo's "special" cheerleaders came out of the closet, keeping spirit and moral high for each team. Among the many "special" cheerleaders that were out there, Armijo's regular cheerleaders had just as much spirit.

All in all the game was a big success with its fans and a good time was enjoyed by all.

# JV Basketball has good Year

## Junior Varsity makes a remarkable Comeback

The JV basketball team had a good year this year. They had almost no set-backs, and came up with a 6-8 record for the season. All of the games they lost were very close; losing by only 1-3 points. Coach Jim Gilley says that he tries to get as many kids in the game as possible. He also said that as a JV coach he does a lot more teaching than as a varsity coach. He just concentrated on winning the whole season through.

Mr. Gilley has a list of some of the outstanding players. He'd like to mention all of them, but as he can't he describes them as, "a very fine bunch of young men and a real pleasure to work with."

Some of the players he wants to give credit to are T. Wellington, Bill Young, Jose Baarde and John Butcher, who put up a good season even though he had to quit due to physical difficulties.

## Girl's Basketball Team

This years girls basketball team had a pretty fair season, considering they were the youngest team in the league. They also had the shortest average height in the league. But, despite all this, they managed to come up with a 6-6 season. The majority of the games lost were very close.

Pretty good for a team with only one returning starter and only four returning varsity players. In the words of Caryn Williams, "We had a lot of good strong teammates, but things just didn't work out. We had a lot of bad breaks this year. This years team did all right, but next year our team is going to be excellent." We agree.

# Gymnasts use Concentration and Strength throughout Season

This is a sport that requires a great deal of strength and concentration. The scoring is also difficult. There are four events, the vault, uneven bars, and the balance beam. These four events determine their all around score. There are three separate teams. The captains are Toni Hilger and Stormi Cortigo. The members include: Novice: Elva Castro, Mary Decket, Cindy Herbertor, Kristin Herbold, Heidi Kovarik, Danielle Marquez, Robin Shelton, and Jill Shemmond. Armijo JV include Stormi Cortigo, Marcia Cosma, Jannette Jones, Melanie Leach, Francis McCullough and Carrie Stallcup. Armijo Varsity is: Toni Hilger, Marci Flores, Debbie Holt, Stephanie Ross, Molly Turek, and Amy Underwood.

When asked what areas are toughest in being a coach, he replied, "No areas are tough, the girls are a pleasure to be around." Coach Fuller says he tries to treat his team equally and has never thought about walking out on the team.

The top player for the singles is Jody Quarry and the top players for the doubles are Janet Evestan and Holly Johnson, they were undefeated this year. Fuller feels that Vintage was their toughest opponents.

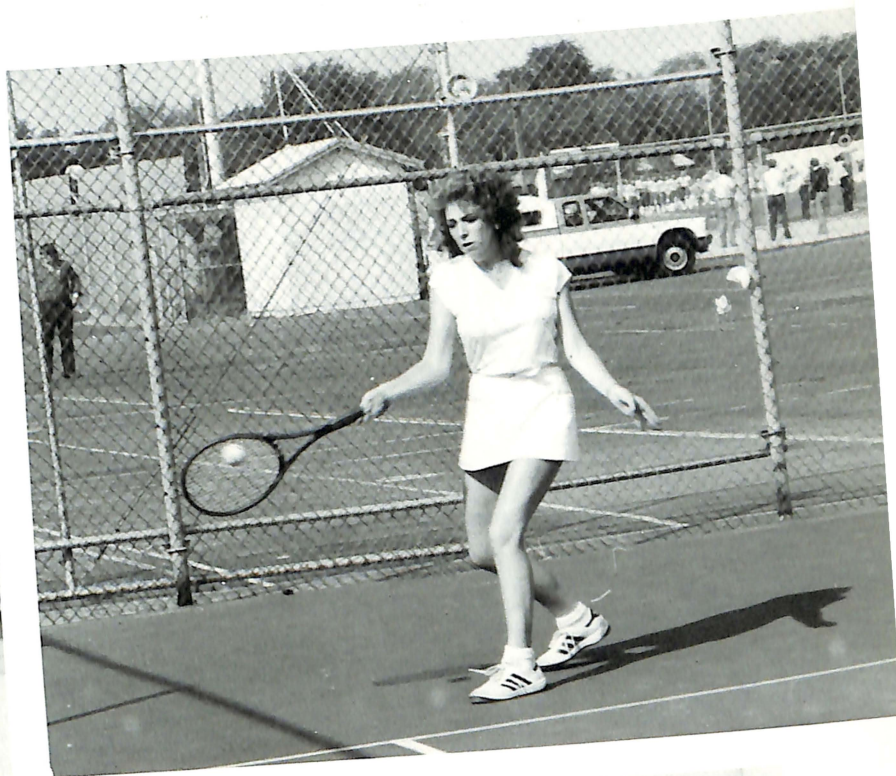

The most improved players this year are Denise Anderson, Paula Moya, Margie Moore, Colette Raymon and Hillary Elliot. This year the team had 12 players who played September 8 to the second week in November.

# Armijo Badminton

After weeks of careful selection, the Armijo badminton team was formed. They went on to make Armijo's name infamous at many schools this year. The team was coached by Mrs. Meek, and due to her dedication and patience, the team was helped beyond measure. Some of the players include Virgie Filomeno, Cathy Gaston, Leila Ramirez, and many others.

This year's team was very successful in their matches, and Mrs. Meek encourages more people to try out next year.

# Volleyball Places Well in M.E.L.

Mrs. Meek, girls P.E. teacher and Varsity volleyball coach, is very enthusiastic about her job. She considers it quite a challenge to take untrained girls and shape them into a team.

When asked why she wanted to teach P.E. she cheerfully replied, "I always wanted to teach P.E. since about eighth grade." She has been teaching and coaching for about 15 years. When asked about the team, she said "They are doing great and I think that they'll have a good year."

The Varsity volleyball team placed forth in the Monticello Empire League. They had a terrific overall record of 10-5. For their fantastic sportsmanship, Virgie Filomeno, Chris Cline and Nancy Moulthrop were selected for the All-league team.

The J.V. volleyball team, coached by Peggy Linville, placed third in the M.E.L. The team made terrific progress throughout the season, although during the last game they were defeated and left to third place. Gina McKinney and Carla Wellington and Shannon Olson were strong hitters.

This year divers are coming off to an excellent year. We have one returning diver Mike Holf who placed 5th at mel. This years divers are very promising because the season is short and divers are putting out so much. The fundamentals are there, all that is needed is time.

Stephany Ross and Clark Henderson both show great potential with Stephany getting 1st place at Napas diving meet.

This years girls team is very large, with new freshman for a strong future for the Indians. Returning swimmers are Dana Schofield, Gabriellea Crummey, Lindi Taylor, Roxanne Morgon, Shannon Kelly and new comer freshman Sharisse McCoy is welcomed. Varsity football worked hard to complete the season. Being plagued with bad luck all through the season, our Indians never gave up. "This season was a little disappointing," Coach Bill Nunes said. "I feel that our full potential was never fully realized. We took tiny steps in developing our team when we should have taken large jumps."

Despite the ups and downs of the season, our Varsity football team were good sports the whole season through.

The 1983 Varsity Roster is as follows:

This years junior varsity coach, Jim Gilley, led the team through an outstanding season. They won almost all of their games, and despite the loss of running back John Butcher due to a broken collar bone and the tragic death of coach Bruce Franchi they managed to place second in the M.E.L. league.

Mr. Gilley wishes to thank his team for a great year, and when asked about his opinion of the team he replied, "They are very good players and a very nice group of kids to work with. These young men practiced hard, played hard and had almost no problems through-out the season. The players and a team like this make coaching a real pleasure."

The most prominent player this year was Kim Cornist, who played extremely well in all of the games. Keisling also believes that the enthusiasm and skill of the team was excellent, and expects an extremely good J.V. team next year and a much improved varsity team in the years to come.

## Yes, Another Student Survey . . .

(Continued from page 61)

Hangouts varied quite a bit among Armijo students. The Solano Mall, Scandia, and many places out-of-town were the favorites. Cruising was another favorite pasttime.

As for the best looking guy and girl, every student had his or her own opinion, although Stephen Johnson, Jim Gover, Johnny Richards, Peter Perez and Aaron Paige were considered some of the better lookin guys. Among the girls were Leila Ramirez, Terri Bennet, Tracy Dossman, Virgie Filomeno and Teeny Parkinson.

Favorite actors and actresses included Eddie Murphy, Richard Gere, Heather Locklear, Tom Cruise, Emmanuel Lewis, Jennifer Beals and Heather Thomas.

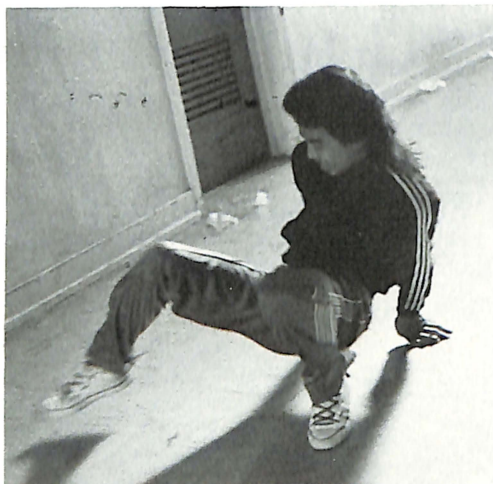

Fast food restaurants were narrowed down to McDonald's, Beamers and Taco Bell. Favorite food items were french fries, hamburgers, tacos and burritos.

Video game favorites were Pole Position, Mr. Do, Centipede, Moon Patrol and Gyrus, but the most favored game was Dragon's Lair.

One of Armijo's biggest fads are jeans. Jean jackets made a stylish premier. Armijo students were estimated to own over 4000 pair of Levi's 501's!

Slang words and expressions were common and yet unique, depending on one's tone of voice and facial or body expressions. "What's up?," "Hafa Dud!," "Sup Cuz?," "Thought it was?," "Otay!," "Slandorous Libel!," "Aw Geez!," and "Whatever," were some of the sayings the students babbled.

Plans for the future were varied among the proud and ambitious Armijo students, but all agreed that they wished to have a good education, a decent job, and hoped to be happily married . . .

Some of Armijo's major break-dance crews pose for a picture.

### BREAK DANCE - ELECTRIC BOOGIE!

From the Jitterbug to the twist, to disco to strutting and to the Smurf, the newest dance craze to hit Armijo this year was break-dancing. A new trend that started in the depths of New York, breaking made a sparkling debut at Armijo.

Although many prefer to "break" individually, Armijo had three main break dance groups; The Unknowns, The Rock City Crew and the ever popular Universal Breaking Crew. Better known as U.B.C., this talented group grew in its fame. With the aid of its manager and their business cards, they performed at both local and out-of-town dances, school rallies and parties. Spending 20 or more hours a week practicing, they learned new steps and routines and polished up old ones, but they always practiced to perfection. What made U.B.C. so special? It's dancers. Like a close-knit family, team work and cooperation were the main ingredients to its success.

To Armijo's break-dancers and especially to the Universal Breaking Crew: "Congrats! Keep up the superiffic break-dancing!"

## Moccasin Tracks

#### EDITORS NOTE

This year we wanted Moccasin Tracks to focus on specific aspects of Student-Life. Since La Mezcla is a history of the 1983-84 school year, we wanted to show what the youth of the community has done during the year and the various activities and pastimes they have involved themselves in.

#### TOWER SHROUDED IN MYSTERY

Many Fairfield residents take for granted the history surrounding our area. There are places and things in the community which have been around longer than most of our grandparents! One historical landmark, for instance, is one that is seen by many Armijo students everyday. Do you know where that tower (shown in picture at left) behind the jail on Washington and Empire Streets came from? Well, La Mezcla sent a team of reporters out on the field to find out. What they came up with was that it was once used as a water tower by the district but now stand dormant, presently used as a glorified parking lot. In hopes to discover the COMPLETE mystery of the "water tower," however, our reporters failed. It seems to be shrouded by secrets which very few people know and who very few people know of.

Still, many other landmarks including parks, statues, and cemeteries can be found around the area. Some of these include Chief Solono, Rockville, Hills Park and the old Rockville cemetery which goes back to the 1770's!

## Dedication

This year's LA Mezcla is dedicated to Mary Cornelison and Ralf Muehlenbruch. Along with being the schools official photographer, Mary and Ralph have also been working with the yearbook since 1975, helping out with deadlines and developing our film. Mary and Ralph have done most of our Seniors, and much of the spectacular photography throughout this book. They did the senior centerfold and the Table of Contents page among many others. This yearbook would not be half of what it is without their never ending support. It seems fitting to dedicate the 1984 La Mezcla to Mary and Ralph.

# AUTOGRAPHS

# ACKNOWLEDGEMENTS

---

The yearbook staff would like to take this opportunity to acknowledge the contributions of the many people behind the scenes of La Mezcla, without whose help the production of this yearbook would not have been possible.

Much of the excellent photography seen throughout the book was possible due to the efforts of Mary Cornelison Photography.

Many thanks to all the faculty and staff for their patience and understanding at deadline time, and throughout the year. Their tolerance is truly appreciated.

Thanks also to the parents of many of our staff members who, during deadlines, were willing to let their sons and daughters stay after school for hours at a time so that we could finish the pages of our book.

The Daily Republic provided us with negatives of uncovered events, and Mr. Eldon Jensen let us use the school's darkroom facilities in times of emergency.

And last but not least, the La Mezcla staff thanks Ms. Linda Ash, our advisor, for sacrificing SO much of her personal life for yearbook and for her assistance in meeting deadlines. Her time, patience and advice was invaluable and is very much appreciated.

There are still many more people not listed here who contributed to the yearbook, so to all those who were not mentioned we say thanks. The yearbook is better because of you.

## EDITOR'S MESSAGE

---

I could never possibly have conceived everything that would entail as a result of becoming Editor-in-Chief of the 1984 La Mezcla. I couldn't foretell all the headaches, confusion and disillusionment that the editor has to endure. I went through it all, and it was hectic, but I don't regret it and I wouldn't have missed the opportunity for anything.

When I first got on the staff as a photographer in my sophomore year I admired the editors and all the responsibilities they SEEMED to manage so well, though it never crossed my mind that I would someday be the Editor-in-Chief. When my Junior year came around I was much more involved in the technicalities of producing a yearbook, and by observing the other editors I was learning what an editor on the yearbook staff does, and by the end of my Junior year I was very confident of myself and hoping to be Editor-in-Chief in 1984.

One does not become Editor-in-Chief simply by being on the staff the longest. He has to show the initiative and that special something that makes him dedicated. I always had that dream that all yearbook Editor-in-Chiefs have - to make a yearbook that everyone would like and one that would have everything I wanted in a yearbook. As my fellow seniors know, in the past we have been blessed with an encyclopedia book, a green road-sign manual, and stained-glass windows. These are all very good books, but I thought there could be a better one.

The staff was stuck for a long time on deciding a cover. Suggestions were varied; and sometimes a bit wild. In June we were still split between Garfield, the Pink Panther, and a cover to cover picture of Armijo High School. I said, "there has to be something better", and two weeks before our deadline our Herff Jones representative, Jim Gillespie, saved the day with our present New Wave design.

The cover, though it is very important, is only a small part of making a good yearbook. We spent many hours arranging and rearranging what goes where. I had to make sure that EVERYTHING would fit in the book correctly. Despite troubles with the color deadline, and the fact that the opening color section was almost not to be, and several staff re-assignments later, we were able to get the book finished.

It was a hectic year and I had to learn certain leadership skills that I definitely lacked at the beginning of this year. I have learned a great deal about teamwork and cooperation. There were times when I wanted to give up on the whole thing, but with the understanding of the other staff members we all managed to pull it off. Everyone on the staff gave it their all so we, the students of Armijo High School, would have a great book. I sincerely hope you appreciate the 1984 La Mezcla.
